

3 x 3 CARDHOLDER STAND BLUEPRINT

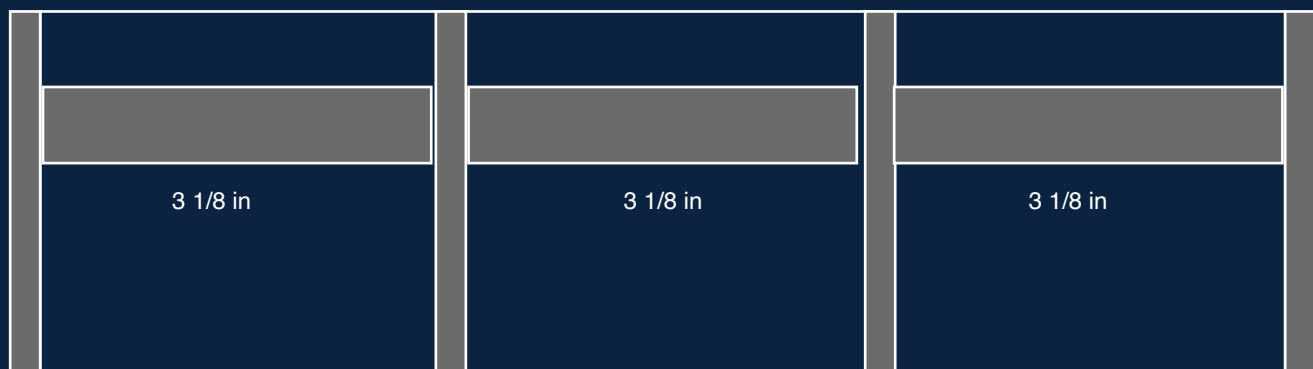

Corrected geometry: no row divider; each column uses overlapping front and rear poplar ramps

TOP VIEW

Dashed line marks row position only - no oak divider between rows.

FRONT VIEW

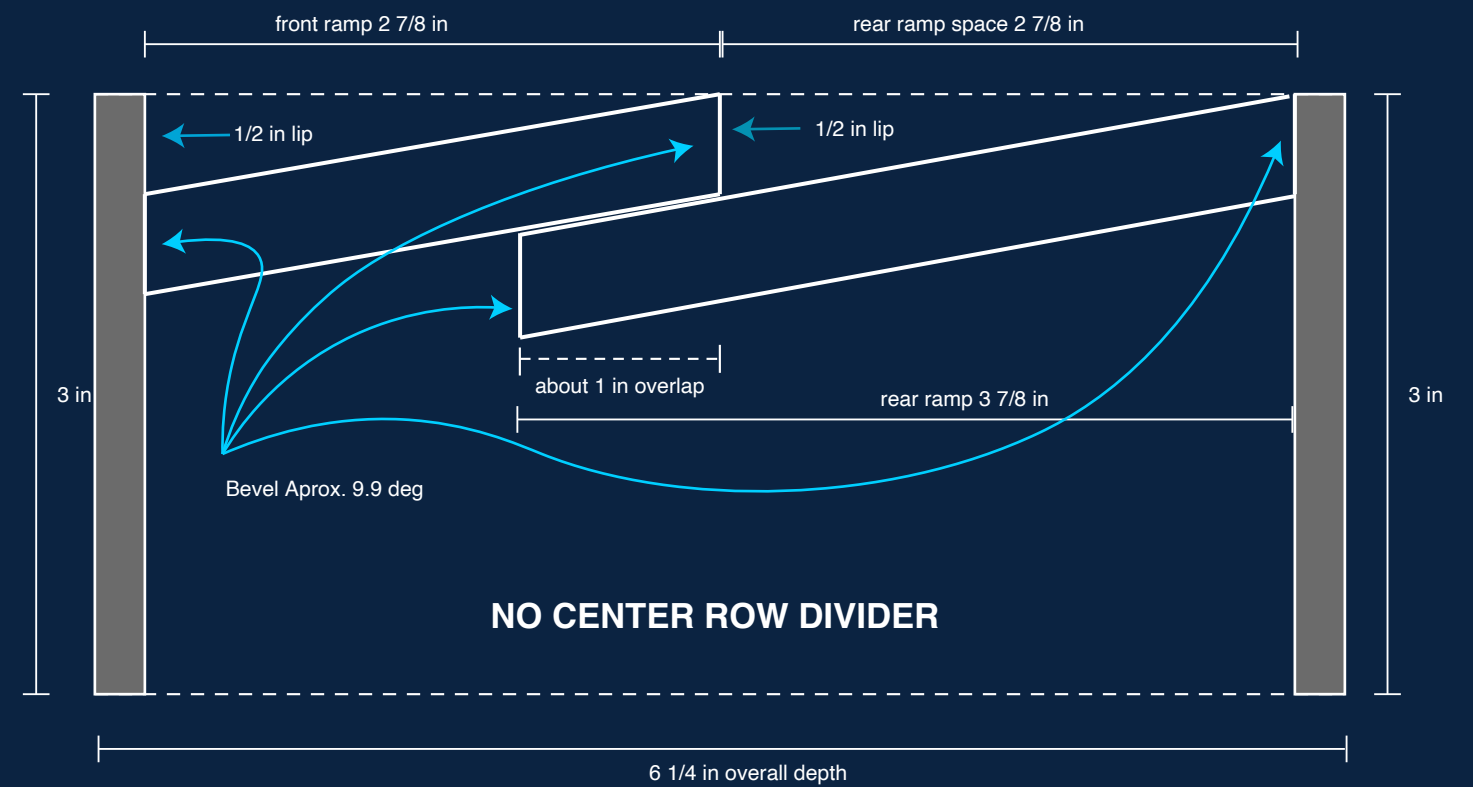

Oak frame and column dividers: 1/4 in thick x 3 in tall.

CUT NOTES

- Outer box: front/back 10 3/8 in; sides 6 1/4 in; 45 degree mitered corners.
- Column dividers: qty 2, about 5 3/4 in long, 1/4 in thick x 3 in tall.
- Front poplar ramps: qty 3, 3 1/8 in wide x 2 7/8 in long x 1/2 in thick.
- Rear poplar ramps: qty 3, 3 1/8 in wide x 3 7/8 in long x 1/2 in thick.
- Build to flush high edges and 1/2 in lips; angles are approximate.

SIDE CUTAWAY - SIDE PANEL REMOVED

High edges are flush with the 3 in top rim. Low edges create a 1/2 in lip.

Per column: rear ramp tucks under front ramp; fasten the overlap with short finish nails or brads.
